## OBJECTIVE

---

Aspiring Software Engineer with a solid foundation in Computer Science and Data Science. Seeking Summer internship in Computer Science and its allied domains. Eager to contribute to real-world projects, collaborate with teams, and learn from experienced professionals. Excited to make a positive impact in a dynamic environment.

## EDUCATION

---

**Bachelor of Computer Science Engineering(Data Science)**, St. Joseph Engineering College Expected 2026  
Relevant Coursework: Programming in C, Cybersecurity, DSA, Mathematics, Basics in Python and R. **CGPA:9.36**

**Pre University Education**, St. Aloysius P U College, Mangaluru 2020 - 2022  
Coursework : Physics , Chemistry , Mathematics, Computer Science **Grade: 89%**

## SKILLS

---

<b>Technical Skills</b>	Programming Fundamentals, DSA, Design Principles, Design Analysis and Algorithms
<b>Languages</b>	C, Python, R, Java
<b>Soft Skills</b>	Leadership, Oration, Problem Solving, Effective Communication

## EXPERIENCE

---

<b>&lt;CIDeCode/&gt; Hackathon</b>	2 Mar 2024 - 3 Mar 2024
CID, CCITR, DSCI, Infosys, PESU	<i>PES University, RR campus</i>

- Secured **Runners Up** position in the **OSINT** Track.
- Contributed to the **Backend Development** of the solution, ensuring robustness and security that integrated the available OSINT tools to help law enforcement agencies.
- Tech Stack : MERN Stack.

<b>SJEC Premiere Hackathon</b>	13 Jan 2023
<a href="#">The Sceptix Club</a>	<i>SJEC, Mangaluru</i>

- Secured Runner Up position in the "**Agricultural Innovation**" Category.
- Worked along with a team on a web based solution "**Agriscrow**" an escrow inspired agriculture goods market system for transparent, seamless payment.
- Tech Used: **HTML5, CSS3, JavaScript**

## PROJECTS

---

**Personal Portfolio.** Built a static website to showcase my skills in HTML5, CSS3 and JavaScript learnt through my interest. Learnt to deploy a website using Vercel, Netlify and Github pages. Understood the importance of version control and learnt to apply the same. ([View it here](#))

**Security Audit** Audited a company's network as part of course "Play It Safe: Manage Security Risks". Learnt about the SIEM tools and commonly used Security Frameworks like NIST and HIPAA.

## EXTRA-CURRICULAR ACTIVITIES

---

- **NCC Cadet:** Actively indulged in Leadership, Adventure, Collaborative activities. Attended National Yachting Camp at INWTC, Goa. Secured the first rank in the 'B' certificate exam in the unit.
- **Oration and Discussions:** Like to actively participate in discussions and debates. Trying to understand other's viewpoint and presenting my opinions.
